Visitors and exhibitors from around the globe attend TPE, an annual international trade show for professionals in the business of buying and selling tobacco, vapor, alternative and related products, accessories, machinery, and merchandise.

The trade show features products that can be viewed and sampled in the exhibit hall. Orders are placed on-site by those in the business of buying, selling, importing, exporting, representing, or are otherwise involved in the tobacco and independent retailer business.

TPE is the largest tobacco, vape, alternative and consumer goods show in North America with thousands of products and merchandise available. More than 450 exhibitors will display and feature new products at their booth space in the exhibit hall.

Buyers and sellers of tobacco and related products and general merchandise attend to make new business connections and meet with current suppliers and agents. The show is an opportunity for people in these industries to see hundreds of new product introductions, take advantage of show specials, and meet international business partners and develop new relationships.

We are delighted to welcome all international visitors to the show and we look forward to welcoming you.
